

DOUBLE INTENSITY UV STERILIZER

**UVC
PURIFYING
LIGHT**

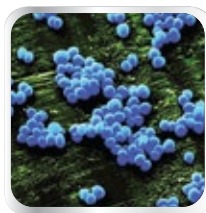

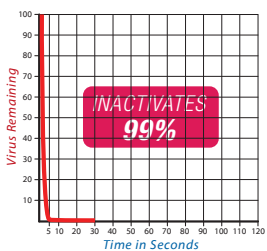

**HIGH
POTENCY
LAMPS**

**ENHANCED
PARABOLIC
REFLECTION**

- HELPS DISINFECT & SANITIZE
- EFFECTIVE ON BACTERIA, VIRUS, MOLD

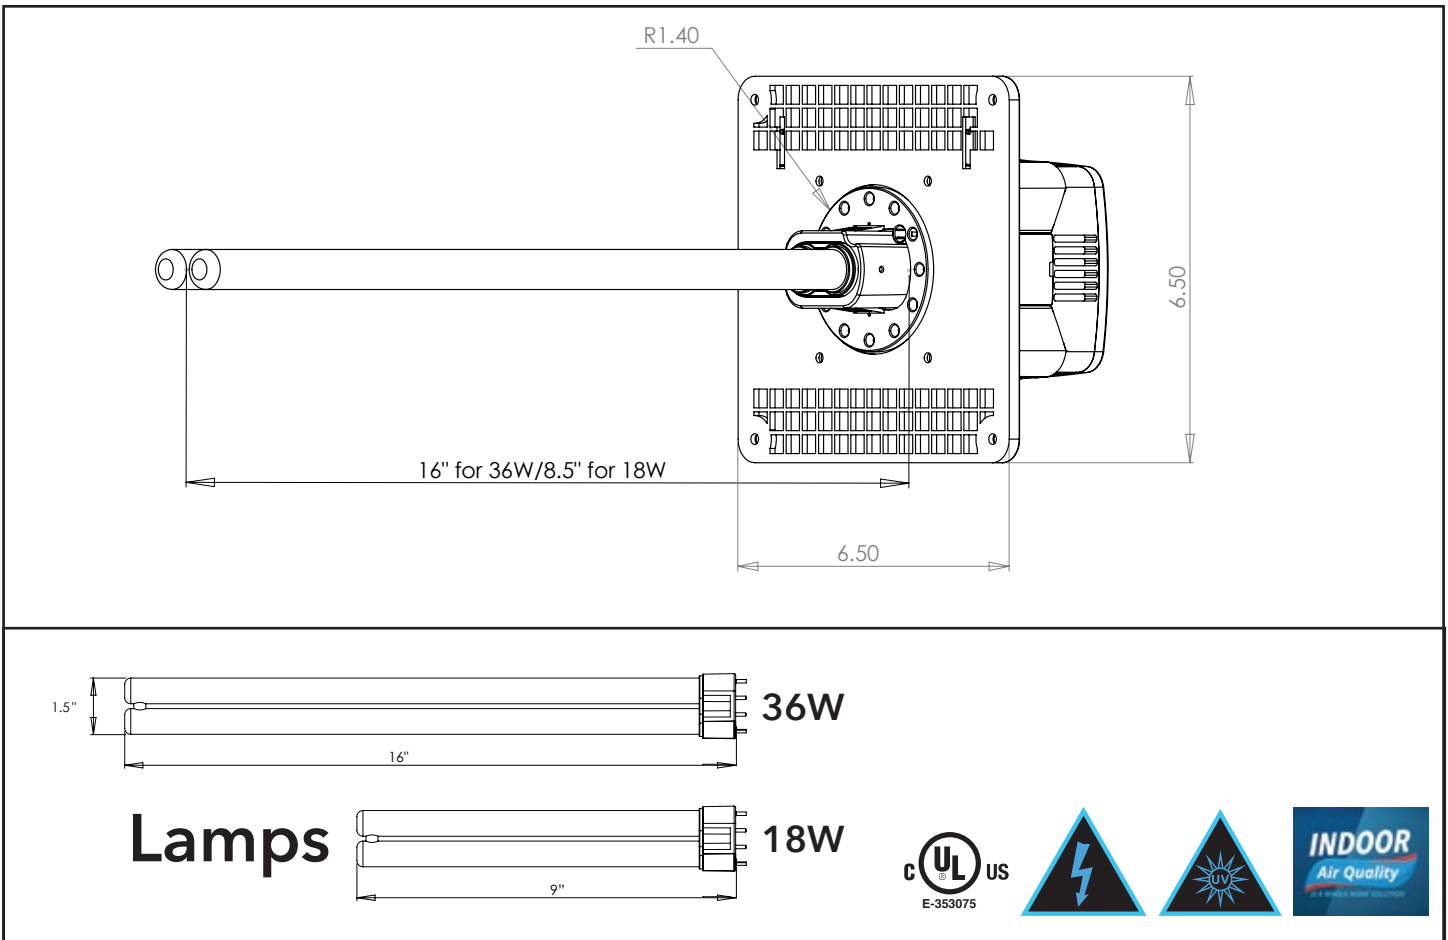

- CONTROLS ALLERGENS & MICROBIALS
- EMITS NATURAL GERMICIDAL UVC LIGHT
- A WHOLE HOME INDOOR AIR PURIFIER

Technology used in the Defend RX Ultraviolet system has been shown to inactivate 99% of the SARS-CoV-2 (the virus that causes COVID-19) in seconds.

- HIGH TEMP MODEL FOR HIGH AMBIENT
- SMART LIGHT OPERATION INDICATOR
- DUAL 16" UVGI GERMICIDAL LAMPS
- ENHANCED WITH PARABOLIC REFLECTION

**NOTE: All UV Air Purifiers require the installation on flat and dry surfaces / areas!
Install away from Humidifiers and Heat exchangers!**

FEATURES AND BENEFITS

This DOUBLE INTENSITY UV STERILIZER provides a much more powerful, whole home UVC Germicidal purification system for central heating and cooling systems. It features a dual tube, high potency UV lamp and our Parabolic Reflection Technology which doubles the output of the lamp. This combined system significantly enhances air purification performance by doubling the UVC germicidal killing power to help sanitize and disinfect your indoor air. This system will also keep coils pristine clean and energy efficient by preventing Bio-film contamination.

Annual or periodic lamp replacement is recommended for optimum performance. The limited lifetime warranty, (excludes lamp) covers any defect in materials or workmanship in residential applications.

SPECIFICATION CHART

POWER REQUIRED	PART CODE	REPLACEMENT LAMP	PARABOLIC REFLECTOR	LAMP LIFE-HRS	UVC LAMP TYPE	AMP DRAW	HIGH TEMP
24/120V	VDX-UVDIDM-9-SH1	VDX-UVDIDM-9-SH1-LAMP	YES	9000	254 N Quartz	1.5/.35A	YES
120/240/277V	VDX-UVDIDM-16-SH1	VDX-UVDIDM-16-SH1-LAMP	YES	9000	254 N Quartz	.35/.25/.25A	YES
